To The Escape Group of Restaurants Management and Staff:
Real Escape Management, The Bungalow AleHouse - Potomac Mills & Ashburn
And The Bungalow LakeHouse,

As of Wednesday March 18, 2020 all of our Restaurants have closed and we have ceased operations. As a result, all Management and Staff have been laid off until further notice. Due to the coronavirus, and resulting COVID-19, pandemic, we have had to suspend all normal operations until this situation improves and we can resume our usual business per state and federal mandates and recommendations. This letter serves as official notice of said lay off.

We are deeply regretful of this news and decision, especially for you, our valued staff, that makes everyday a success. It is our sincere hope for you, and our company, that this crisis is over for our country sooner rather than later and that everyone comes out on the other side healthy and safe.

There is no doubt in our minds that we will be reopening all of our locations as soon as we possibly can. If you have any questions please reach out to your management team or email us at the address below.

Respectfully,

Keith Early,
Owner and Managing Member
The Escape Group of Restaurants
